

IN THE SPECIFICATION:

On page 7, please replace the 1st full paragraph, lines 1-4, with the following rewritten text:

When pressing a remote controlled play button while the digital camera 10 is set at the audio mode, the music file is read out from the memory card via the media control circuit 84. The ~~image~~ music file is downloaded directly from a personal computer, or downloaded via the digital terminal 58 (refer to Fig. 4) of the digital camera 10.
